### Education

August 2020 – May 2024

**Bachelor of Fine Arts in Fashion Design and Product Development**

*Stephens College Columbia, MO*

### Work History

July 2024 – Present

**Men's Wearhouse**

July 2025 – Present

**Store Lead - Lakewood, CA**

- Helping boost sales and adoption of new technology through positive motivation.
- Managing staff for both opening and closing the store.
- Keeping track of supplies and ordering.
- Managing the tailoring shop.
- Dressing store mannequins and helping with overall store layout.

July 2024 – July 2025

**Sales Consultant - Southlake, TX**

- Measuring and fitting men for both rentals and buying.
- Determining what items best suit the customers needs and pitching the items to them.
- Understanding of formal menswear and current trends in the category.
- Organizing product to better appeal to customers.
- Empathizing with customers.

August 2022 – March 2025

**Knit and Crochet Pattern Tester - Remote**

- Testing knit and crochet patterns for designers pre release.
- Communicating fit issues and general issues with the pattern so that the patterns were as good as possible come release.
- Promoting the patterns that were tested on social media to increase sales of the pattern.

November 2023 – May 2024

**Fashion Peer Mentor - Stephens College - Columbia, MO**

- Taught students how to use CLO3D.
- Tutored students in various things including: Adobe Illustrator, Adobe Photoshop, textiles, knitting, and CLO3D.
- Helped professors setup for class labs and helping them take everything down.

May 2023 – August 2023

**3D Design Intern - AW | MW - Alexandria, VA**

- Used CLO3D to develop patterns for designs by the company founder.
- Created the first clothing technical pack so that the company could manufacture clothing in the future.
- Developed technical flats for the pattern that was made and call outs for the tech pack.
- Experimented with abstract clothing ideas through CLO3D.
